EMERGING LEADER IN
COMPREHENSIVE
BUILDING SERVICES
AND COMMERCIAL
CONSTRUCTION**

**YOUR PARTNER FOR
EXPERIENCED, PROFESSIONAL,
HIGH-QUALITY BUILDING
SERVICES & GENERAL
CONTRACTING**

“When I have a project, I need a construction company that has proven experience in the healthcare environment, whether it is in a medical inpatient or outpatient area, you need a contractor who knows and understands medical technology, the flow of patients and space, and how to work around those dynamics—I believe OMNI is your team. It's a leap of faith to trust someone to build your vision—on budget, on schedule, and with attention to detail and quality. OMNI Building Services continues to exceed our expectations, and we consider them one of our trusted partners in the healthcare market.”

Brian Backoff, Project Manager, Signature Healthcare

Feel confident that your construction projects are professionally managed and meet the highest quality and service standards.

- Comprehensive capabilities span all aspects of building services from general contracting to facilities maintenance and repair.
- Experienced construction professionals include skilled craftsmen and managers focused on quality, safety, and efficiency.
- Work with one single point of contact to effectively and efficiently manage your facilities operations.
- With locations in Rhode Island and Massachusetts, we provide exceptional service to clients throughout New England.

OMNI Building Services provides construction management, general contracting, maintenance, and repair services to facilities of all types including healthcare, education, industrial, controlled environments, and commercial offices.

COMPLETED PROJECTS BY THE TEAM AT OMNI BUILDING SERVICES

WORK STATION - COHASSET

Successful completion from conception to delivery of this upscale co-working space located in a new mixed use property.

- Pre-construction assessment
- Architectural design
- Installation of non-structural partitions and glazing to create workspace and conference areas
- Production of modern high-end finishes and custom millwork
- Innovative Mechanical / Electrical / IT systems

“The OMNI team did a fantastic job on Phase 1 of the Work Station build out. The project came in ahead of schedule and under budget. They communicated well throughout the project and offered numerous cost saving suggestions—we knew we were in good hands. It was an easy choice to award Phase 2 of the project to OMNI and we couldn’t be happier with the result.”

Rick Schiffmann, Owner, Work Station

NOTRE DAME ACADEMY
